Dedication

We of the class of '60 proudly dedicate this edition of the ELBALA to Mrs. Helen A. McCollough, Senior Sponsor and Commercial teacher. Through her sincere interest and efficient teaching she has returned to her own Alma Mater ten-fold that which she has received. We feel that the future of each class member will be influenced by her guiding hand. Realizing that the training we have received can never be repaid fully, we hope that this dedication will convey to Mrs. McCollough a portion of our gratitude.

The Superintendent's Message

"The only thing more expensive than education is ignorance."

This school year has brought us an increase in enrollment, in facilities, in equipment, and in faculty. These make for a better school program. I challenge you to take every advantage of the environmental influence offered in Elba High School to develop the art of successful living.

Let me admonish you to be mindful of the fact that we are privileged to live under a form of government that makes us a free people. In this age we are engaged in a battle of the minds--the outcome of which will determine the duration of our freedom. In that connection, I quote from Mirabeau Lamar: "An enlightened citizenship is the guardian Angel of Democracy."

It is my sincere desire that all who attend this school may acquire scholarship and a devotion to his country.

MEMORIES ARE MADE OF THIS . . .

Though time will pass and we shall part, this book will be an unbreakable link in your chain of memories. May you relive the happy days of yesteryears and feel the glowing spirit of Elba High as you look through these pages.

Thus we present this book to you hoping that it will bring memories that will live through the years.
